Ellicottville Central School Student Code of Conduct and Discipline Code (Including "Bill of Student Rights and Responsibilities")

It is the Board's belief that each student should be treated as a person who can reasonably be expected to be responsible for their own behavior. The school administration will assist each student in this program of personal respect for the rights and property of others and consistently apply the code in the classrooms and throughout the school.

Discipline is most effective when it deals directly with the problem at the time and place it occurs, and in a way that is viewed as fair and impartial.

Teachers will first use all their resources to create a change of behavior in the classroom.

When the teacher has made every effort to bring about positive behavioral changes, and has been unsuccessful, the student will be referred to the administration. Once done, the administration assumes the role of deciding what further action will be taken.

The District has a long-standing set of expectations for conduct on school property and at school functions. These expectations are based on the principals of civility, mutual respect, citizenship, character, tolerance, honesty, and integrity.

The District recognizes the need to clearly define the long-standing set of expectations for acceptable conduct on school property, to identify the possible consequences of unacceptable conduct and to ensure that discipline, when necessary, is administered promptly and consistently.

Bill of Student Rights and Responsibilities

Students have the responsibility to respect the rights of all persons involved in the educational process and to exercise the highest degree of self-discipline, observing and adhering to legitimate rules and regulations.

The Board of Education expects all students and visitors to conduct themselves in an appropriate and civil manner, with proper regard of the rights and welfare of other students, district personnel and other members of the school community, and for the care of school facilities and equipment. The best discipline is self-imposed, and the students must learn to assume and accept responsibility for their own behavior, as well as the consequences of their misbehavior.

District personnel who interact with students are expected to use disciplinary action only when necessary and to place emphasis on the student's ability to grow in self-discipline.

The Board of Education affirms the expectation for appropriate student conduct while on school property or engaged in a school function. The Student Behavior Code is designed to ensure a safe and orderly environment for all students. Violations of the code of conduct may result in disciplinary action.

- A. Classroom management issues, whenever possible, should be handled by the classroom teacher.
- B. When a student is referred to the principal, the teacher must indicate the steps he/she has taken to resolve the problem prior to referral. **Disciplinary action may include, but is not limited to:**
 - 1. Verbal Warning
 - 2. Written Warning
 - 3. Written notification to parents or guardians

This may include weekends as follows:

- The student is actually suspended on a Friday
- The suspension starts before and ends after the weekend

A discipline matrix will be revised annually by school administration and printed in student agendas/handbooks for reference purposes.

Elementary Progressive Disciplinary Matrix

As a general rule, discipline will be progressive. This means that a student's first violation will usually merit a lesser penalty than subsequent violations of the same rule.

As stated in the "Code of Conduct" disciplinary actions, when necessary, will be firm, fair, and consistent so as to be most effective in changing student behavior.

The following student behaviors and consequences are subject to variable circumstance. Therefore, depending upon the manner and degree of certain student behaviors the Building Principal shall retain the right to modify or adjust student disciplinary actions. In due process, the students have a right to appeal.

Character Education Statues

Starting with an initiative to incorporate the teaching and learning of character traits in our elementary School, Mr. Dave Poulin, a world-renowned bronze sculpture artist from nearby Jamestown, NY worked with our elementary-aged students and staff as an "Artist in Residence" from 2003-2008. Each year, Artist Dave would facilitate an integrated, project-based learning opportunity through the selection of a character trait with the assistance of the fourth grade students and teachers. Every fourth-grader, through the writing process, would develop an essay depicting an "artistic scene" that reflected the essential qualities of the selected character trait. The winning essay was then turned into a bronze sculpture through the help of every elementary student. Mr. Poulin would spend two weeks tailoring appropriate grade level lessons that showed the importance of creativity, imagination, and problem solving skills. The essays from the following students were selected and are now proudly displayed on our school campus.

- Bethany Loveless- Compassion
- Amy Westfall Responsibility
- Larry Tabak Citizenship
- Patrick Snyder Perseverance
- Monica Rubeck Fairness
- ❖ Jordan Stoehr Respect
- Hannah Doro Trustworthiness

Attendance, Punctuality

- Regular attendance is very important to your child's academic progress, but keeping an ill child home is also important for the wellness of classmates.
- ✓ In the event that your child misses a day of school, please write an excuse stating the reason for the absence. He/she will give the excuse to his/her teacher. Example excuse:

Date

Please excuse (child's first and last names) on (date) due to (briefly explain reason for absence)

Parent's/Guardian's Signature

- ✓ In cases of prolonged illness or excessive absenteeism, the principal may request a medical report from the child's pediatrician.
- ✓ Any student arriving to school <u>after</u> 8:15 a.m. must report to the office before going to his/her classroom.
- ✓ If your child is going to be absent or excessively late, please call the office at 699-2318 prior to
- ✓ 9:00 a.m.

Please don't bring a dog onto the school property

Dogs are wonderful family pets. As much as we love our furry friends, <u>do not</u> bring dogs to school for drop-off or pick up time. Dogs may be "man's best friend", but we never know how dogs might react with children. We would all feel terrible if something unpredictable happened and a child was hurt. Thanks for your understanding!

Bicycles, Skateboards, Heelys, Cell Phones, etc.

- ✓ Due to a lack of storage space as well as safety concerns, students are not permitted to bring roller blades, skateboards, scooters or anything that would have to be stored in the school.
- ✓ Hats cannot be worn in the school during the school day. Heely wheels cannot be used on school property.
- ✓ Cell phones must be turned off during regular school hours. Elementary students are encouraged to drop off cell phones in the office in the morning if they bring one to school.
- ✓ Due to serious safety concern, elementary aged children should not ride their bicycle to school. It is always a good idea though to remind everyone that it is NY State law that all children under the age of 14 wear helmets.

Cafeteria Information

- ✓ Deposits cash or checks—may be made in any amount to the student's personal lunch account at the cafeteria. Checks should be made payable to "ECS School Lunch Fund."
- ✓ Students will then debit purchases from their accounts.
- ✓ Students will still have the option of cash payment on a per-diem basis, but advance payment speeds up the transaction and allows lines to move more quickly.
 - Free and reduced meal application:
- ✓ Return completed free breakfast and lunch applications to the office. In the event of more than one pupil in school per family, only one form need be submitted. Parents are responsible for paying for their child's meals until the completed application is returned to the office.
- ✓ Every Friday a notice will be sent home to inform parents of any money owed to the cafeteria.
- ✓ Breakfast Prices Grades K-4 = \$.70 and Grades 5-12 = \$.85
- ✓ Lunch Prices Grades K-4 \$1.15 and Grades 5-12 = \$1.40

Change of Address and/or Telephone Number

Please notify the office if you change your address or telephone number. This is particularly important in case of an emergency when parents need to be reached.

Computers/Technology

Dear Parent/Guardian

Your child has the opportunity at Ellicottville Central School District to use technology. Technology consists of computers, the Internet, software, and parts that provide access to online resources, including libraries, government agencies, public information resources as well as links to millions of people around the world. Using technology enhances the learning process and helps each child become more productive and creative. Technology is a necessity in today's world where almost every job requires the worker to know how to use a computer.

The Children's Internet Protection Act requires that the district receive filtered Internet access. This is provided through the Regional Information Center at Erie 1 BOCES. Every reasonable effort will be made to monitor the unauthorized exploration of undesirable materials, keeping in mind that nothing is 100% foolproof. Supervision and education regarding acceptable appropriate use of the Internet will continue to be our primary approach.

If you have any questions about the Internet and your child's access to it, please call or visit school and speak to either Mrs. Poulin or me about your technology concern.

Sincerely,
Shawne Hunt, Technology Coordinator

Ellicottville Central School Acceptable Use Policy for DCS (District Computer System) K through 2nd Grades

Using the computer is a BIG responsibility. Let's all agree to use our computers the right way! Here are some things we need to remember so that we will be great computer users. Remember, you can only use our computers if you remember this list:

- Use gentle hands when you use the computer.
- Ask for help when you don't know what to do.
- Share the computer with your classmates and be helpful if someone needs your help.

When you use the computer to go on the Internet:

- Tell your parents about the neat things you do on the Internet.
- ❖ Make sure to stay on the Web pages your teacher shows you.
- Tell your teacher if you see something you don't like on the Internet.

Your Teacher knows how to keep you safe on the Internet, so it's important for you to follow directions. Please understand that there are some things on the Internet that are not meant for children. If you find anything on the Internet that makes you feel uncomfortable, know that it is important to share that with your teacher right away.

Ellicottville Central School Acceptable Use Policy for DCS (District Computer System) 3rd through 5th Grades

The Internet is a special tool that can help you learn, communicate, and solve problems. Before you can use the Internet at school, there are things that you need to remember to help keep you safe and to make your time on the Internet fun, interesting, and educational. When you use the Internet you need to

- Act as a representative of your school, showing everyone that you can act responsibly.
- ❖ Tell your teacher or another adult when you see or your group sees something that is inappropriate or makes you feel uncomfortable.
- Follow all of the instructions your teacher gives and stay only in areas he/she suggests to you.
- Actively use the information you find on the Internet in your learning (projects, reports, discussions).
- Use the Internet as a learning tool to help you discover your world. You should know WHY you're using the Internet for a certain task.
- Share the activities you do on the Internet at home. It's important to let Mom and Dad know what you're doing on the Internet and why you're there.
- Be aware that there are consequences for choosing not to follow the Internet and Computer rules.

Your Teacher knows how to keep you safe on the Internet, so it's important for you to follow directions. Please understand that there are some things on the Internet that are not meant for children. If you find anything on the Internet that makes you feel uncomfortable, know that it is important to share that with your teacher right away.
